# About Us

Whitefield International is an intelligent entity specializing in stocking and selling pressure pipe units. The main product contain steel flanges, steel butt weld pipe fittings, forged pipe fittings, precision casting stainless steel pipe fittings, pipes, valves, expansion joints, stud bolts and consumables. All products supplied by us are manufactured upon some standards such as American Standard ASME/ANSI and MSS, German Standard DIN, Japanese Standard JIS and British Standard BS.

As a professional supplier of engineering materials in Middle East, Whitefield International always takes the quality and economy of products as the first. Based on different customers and applications, we are able to provide metal pipeline accessories with various materials ranging from carbon, stainless and alloy steels in terms of initial phase and standard supplies.

Based on the enterprise spirit of Integrity, Self-strengthening and Dedication, the company develops wider foreign and domestic markets. We respect talents, focus on products and request ourselves with unremitting efforts and higher objectives to increasingly perfect the quality of self-products, strongly advocate the implementation of industrial mode strategy and promote the development of Middle East pipeline Industry.
